Professional Experience

Web Designer, Magnum Multimedia

November 2018 to Present, Washington, DC

- Assisted the Department of Labor with the migration of the Veterans' Employment & Training Service (VETS) website to Drupal.
- Providing continuous VETS website updates quickly and efficiently.
- Developed an accessible navigation menu for the National Institutes of Health.
- Assisted the National Science Foundation with website updates.
- Testing websites for Section 508 compliance to improve accessibility.
- Providing Google Analytics metrics for improved SEO.
- Delighting with Google Analytics reports in infographic format.
- Growing a custom image collection library, easing clients' image searches.

Web Designer, BAE Systems

May 2018 to November 2018, Washington, DC

- Designed and developed new website dashboard features for the Department of Labor's Bureau of Labor Statistics (BLS) to bring improved usability.
- Provided wireframes and mockups for team reviews.
- Brought creative ideas to meetings to improve user experience.

Web Designer, Magnum Multimedia

June 2017 to January 2018, Washington, DC

- Redesigned and developed Department of Labor websites that are more modern, responsive, and Section 508 compliant.
- Designed posters and social media graphics that drove more traffic to the website.
- Delighted with Google Analytics reports in infographic format.
- Created a custom image library, easing clients' image searches.

Web Developer, Amdex Corporation

February 2016 to February 2017, Washington, DC

- Designed and developed responsive and 508 compliant websites in Drupal, ASP.NET, and HTML5 for the Department of Health and Human Services (HHS).
- Developed 4 websites in 6 months for divisions within HHS, beating deadlines.
- Contributed many creative ideas during team meetings to improve HHS websites.
- Tested HHS websites for 508 compliance and updated the websites where needed.

Webmaster, Independent Community Bankers of America

February 2012 to November 2015, Washington, DC

- Designed and developed website content for icba.org and their microsites.
- Assisted with website content migration to a new SharePoint intranet.
- Assisted with SQL database maintenance and data migration.
- Designed HTML E-mails and website landing pages for E-mail campaigns.
- Created numerous images, audio files, and videos quickly for social media campaigns.

Senior Web Developer, IntelliDyne, LLC

February 2008 to November 2011, Silver Spring, MD

- Worked with Department of Defense Health Affairs personnel to design and develop a subsite of health.mil, which was a valuable suicide prevention resource for soldiers.
- Provided website metrics for improved SEO.
- Designed logos, newsletters, posters and various other print materials.
